

Pigs: animal health and welfare review

Vet summary

This document:

- gives the information farmers need to make a claim
- may be requested by the Rural Payments Agency (RPA) as evidence the review took place

Section 1: about the farmer's business

You will need to ask the farmer for these details.

Single Business Identifier (SBI)

Name of business linked to this SBI

Agreement number

Section 2: tell us about this herd

Herd name

You might like to use a name that references the breed, commercial purpose or location.

County Parish Holding (CPH) number for this herd

Is this the only pig herd associated with this SBI?

Answer this question based on what is associated with this SBI today.

☐

Yes

☐

No

If you selected no:

I believe this pig herd is a separate herd (epidemiologically distinct unit) because:

Tick all that apply:

☐

They have separate management needs

☐

They have unique health needs

☐

They are a different breed

☐

They are used for another purpose (e.g. breeding)

☐

They have been kept completely separate

☐

Other reasons based on my veterinary judgement

Section 3: review details

Date of review

Give the date the vet last visited the farm for this review.

When were samples taken?

Give the date samples were last taken for this review.

Total number of pigs on the farm on the date of the review

How many pigs were samples taken from?

Vet's name

Give the first and last name of the vet who did the review, not the vet's business name.

Vet's Royal College of Veterinary Surgeons (RCVS) number

Laboratory unique reference number (URN) for the test results

Number of oral fluid samples tested

Test result

State whether the oral fluid samples tested positive or negative for PRRS antibodies.

Section 3: confirmation and signature

I confirm I followed the GOV.UK guidance on how to do an animal health and welfare review.

Yes / No

I confirm I have given the farmer a full written report. This includes issues we discussed, test results, and my recommendations.

Yes / No

Vet's signature

This signature should be the vet who did this review. By signing this form, you confirm the information you have given is accurate to the best of your knowledge.

Date of signature
